Access to Buildings

The Board directs the administrator to control access to school buildings as appropriate and necessary to protect property, students and personnel.

The administrator and staff will develop procedures to control access to school buildings and provide safeguards against unauthorized access to these buildings. Procedures will include staff members being responsible for school property (e.g., keys, access cards) in their possession.

Staff who fail to obey such procedures may be disciplined up to and including dismissal. Students who fail to obey such procedures may be disciplined.

When reviewing policies and procedures relating to school building security, the Board must consider the installation of a panic alarm system in accordance with ORS 339.408.
